Thos. Callender et als Comrs to Division Deed Harris & Dickinson — 300 acres in 24th District, and 25 acres in 10th District — No. 406 in Nashville — Deed Book 21, Page 144

Registered Nov. 16th 1875.

We, the undersigned, Commissioners appointed by G. A. Harris and W. S. Dickinson to partition certain property owned by them, jointly, in the City of Nashville, and Davidson County, Tennessee, have performed the duty assigned us, beg leave to submit the following report; The tract of land in the 24th District of Davidson County, known as the Logan tract, was divided by a line running East and West through the same, so as to cut off one third of the area on the South end of the tract, the whole tract being a regular parallelogram; Covered almost entirely with good timber, is quite uniform in quality of soil. By the calls of the deed the entire tract contains 300 acres and 132 poles, but will probably run out more - Owing to the tract not being regularly of Table-Surface, at the time we viewed it, in lying, we deemed it best to run the dividing line - as it will be seen better to understand by running the North and South lines, upon the ridges and leaving out of the way. We assigned to W. S. Dickinson, one third of the land, and to G. A. Harris the other two-thirds to G. A. Harris - upon which the survey will be run as stated - which we consider a fair and equitable division of the tract: The tract of 25 acres, known as the Burns & McCampbell tract, had been run out into town lots - we resurveyed it, adopting the plan of division then made, and the same was used in determining the dividing line on the East side, between the tract and the tract purchased by McCampbell of the Morton heirs, and were governed by the calls of the deed of McCampbell having included both tracts in his plan - the Burns part, embrace the following lots, and we have carefully valued each lot and assigned them as follows, to wit: To W. S. Dickinson the following lots: —
