ARTICLE 2.

PROPERTIES SUBJECT TO THIS DECLARATION

2.1 Initial Properties Subject to Declaration. The property which is and shall be held, transferred, sold, conveyed and occupied subject to this Declaration is located in Davidson County, Tennessee, and is more particularly described and shown on Exhibit "A" attached hereto and made a part hereof by this reference. Mulberry Downs is to be built in two or more Phases, each of which may comprise a number of section for construction purposes. Construction of Phase I, Section 1, consisting of a portion of the total 146 Lots in Phase I is anticipated to be completed as of January 1, 1991. All of the real property shown on Exhibit "A" and designated as Tract I shall be submitted to these Restrictions.

2.2 Additional Phases. Without further assent or permit, Developer and any Successor Developer hereby reserves the right, exercisable from time to time but not later than seven (7) years after the date hereof, to subject all or part of other, contiguous real property described as Tract II on Exhibit "B" to the restrictions set forth herein, in one or

more Additional Phases, in order to extend the scheme of this Declaration to such property to be developed as part of Mulberry Downs and thereby to bring such additional contiguous Properties within the jurisdiction of the Association. In no event shall the number of Lots created on Tract II exceed 626 Lots nor shall any property other than Tract II or some severable portion thereof be submitted to this Declaration as a part of Mulberry Downs.

2.3 Supplementary Declarations. The additions herein authorized shall be made by filing of record one or more Supplementary Declarations in respect to the creation of Additional Phases or the addition of other Properties to be then subject to this Declaration and which shall extend the jurisdiction of the Association to such property and thereby subject such addition to assessment for its just share of the Association's expenses and shall also require the filing of such additional plats as are required for such sections in the Register's Office for Davidson County, Tennessee. Each supplementary Declaration must subject the added property or additional Lots to the covenants, conditions and restrictions contained herein.

2.4 Consent to Rezoning. Every Owner shall be deemed to have consented to any rezoning of Tract II that may be necessary to the development of such property as part of Mulberry Downs. Owners of any Lots in the additional property shall succeed to all of the rights and obligations of membership in the Association.

2.5 Extension of Development Rights to Adjacent Property. The Developer and any Successor Developer shall have the rights described in this Article II, exercisable without approval of the Association or any other person or entity. The Developer or such Successor Developer shall have the voting rights as specified hereinafter with respect to any added Lots, subject to the original limitations as to duration of weighted voting.

2.6 Construction Sections. The Developer may submit more unimproved property than is immediately anticipated to be used or improved to the terms and conditions of these restrictions, in order to insure and demonstrate its intentions with respect to such property and to assure that such property will be developed subject to the covenants and restrictions contained in this Declaration and such land shall initially constitute one Lot. No additional "Lots" shall be deemed to have been created on such property until such time as the final plat approving such construction section has been approved and recorded in the Register's Office for Davidson County, Tennessee. At such time as the final plat is recorded, all Lots depicted thereon, and Common Areas shown thereon, shall be owned and used in accordance with the terms of this Declaration. Each such Lot shall then be responsible for its pro rata share of the expenses of the Association and shall be entitled to the benefits of ownership set forth herein.

2.7 Association Rights. The Association may not assert as a reason to object to the new development plan the fact that existing Association facilities will be additionally burdened by the property to be added by the new development or that the type of home or size of Lot in any future construction differs from that of the initial construction of Phase I, or any subsequent Construction Section, it being acknowledged that the developer intends to construct a wide variety of homes in terms of style, size and prices within Mulberry Downs. The Developer reserves the right to modify any preliminary plan to reconfigure Lots, create additional amenities, areas or Common Areas, prior to the sale of any Lot in an additional Construction Section and thereafter within a Construction Section with the consent of the Owners of that Section only.

ARTICLE 3.

ARCHITECTURAL, MAINTENANCE, AND USE RESTRICTIONS

3.1 Single-Family Residential Construction. No building or other structure shall be erected, altered or permitted to remain on any Lot other than one (1) single-family residential dwelling not to exceed two and one-half (2 1/2) stories in height, which may have an attached private garage for not more than two (2) cars which structures shall not exceed the main dwelling in height.

3.2 Approval of Plans.

(a) No construction, reconstruction, remodeling, alteration, or addition of or to any structure, building, fence, wall, drive, or improvement of any nature shall be constructed without obtaining prior written approval of Developer as to the location, plans, and specifications therefor. As a prerequisite to consideration for approval, and prior to the commencement of the contemplated work, two (2) complete sets of building plans and specifications shall be submitted. Developer shall be the sole arbiter of such plans and may withhold its approval for any reasons, including purely aesthetic reasons. Upon giving approval, construction shall be started and prosecuted to completion promptly and in strict conformity with such plans.

(b) At such time as Developer divests itself of all Lots within the development, the right of approval of plans for further construction, reconstruction,

remodeling, alterations, and additions shall thereafter vest exclusively in the Association and in its Board of Directors, or such committees of the Association as shall he appointed by its Board of Directors.

(c) Developer, the Association and the individual members thereof shall not be liable for any act or omission in performing or purporting to perform the functions delegated hereunder. In the event that Developer or the Association fails to indicate its approval or disapproval within thirty (30) days after the receipt of the required documents, approval will not be required and the related covenants set out herein shall be deemed to have been fully satisfied. Approval or disapproval by Developer or the Association shall not be deemed to constitute any warranty or representation by it including, without limitation, any warranty or representation as to fitness, design or adequacy of the proposed construction or compliance with applicable statutes, codes and regulations. Anything contained in this paragraph 3.2, or elsewhere in this Declaration to the contrary notwithstanding, Developer and the Association are hereby authorized and empowered, at their sole and absolute discretion, to make and permit reasonable modifications or deviations from any of the requirements of this Declaration relating to the type, kind, quantity or quality of the building materials to be used in the construction of any building or improvement on any Lot and of the size and location of any such building or improvement when, in their sole and final judgment, such modifications and deviations in such improvements will he in harmony with existing structures and will not materially detract from the aesthetic appearance of the Properties and the improvements as a whole; provided, however, such modifications and deviations must remain within all applicable ordinances and regulations established by the Metropolitan Government of Nashville and Davidson County, Tennessee.

Developer or the Association, as the case may be, may require the submission to it of such documents and items, including as examples, but without limitation, written requests for and description of the variances requested, plans, specifications, plot plans and samples of material(s), as either of them shall deem appropriate, in connection with its consideration of a request for a variance. If Developer or the Association shall approve such request for a variance, it shall evidence such approval, and grant its permission for such variance, only by written instrument, addressed to the Owner of the Lot(s) relative to which such variance has been requested, describing the applicable restrictive covenant(s) and the particular variance requested, expressing its decision to permit the variance, describing (when applicable) the conditions on which the variance has been approved (including as examples, but without limitation, the type of alternate materials to be permitted, and alternate fence height approved or specifying the location, plans and specifications applicable to an approved outbuilding), and signed by Developer or the Association, as the case may be. Any request for a variance shall be deemed to have been disapproved for the purposes hereof in the event of either (i) written notice of disapproval from Developer or the Association or (ii) failure by Developer or the Association to respond to the request for variance. In the event Developer or the Association or any successor to the authority thereof shall not then be functioning, no variances from the covenants herein contained shall be permitted, it being the intention of Developer that no variances be available except at its discretion or that of the Association. Neither Developer nor the Association shall have the authority to approve any variance except as expressly provided in this Declaration.

3.3 Structural Compliance. All structures shall be built in substantial compliance with the plans and specifications therefor, approved by Developer or the Association as provided in paragraph 3.2 above.

3.4 Improvement and Setback Restrictions.

(a) No building or structure, or any part thereof, shall be located on any Lot nearer to the front line, the rear line, or any side line than the minimum building setback lines required by the Metropolitan Government of Nashville and Davidson County, Tennessee and as may be shown on the recorded plans. For purposes of determining compliance with this requirement, porches, wing walls, eaves, and steps extending beyond the outside wall of a structure shall be considered as a part thereof. No encroachment upon any utility easements reserved on the Plat shall be authorized or permitted.

(b) To provide for uniformity and proper utilization of the building area within the Detached Homes Lots, dwellings or appurtenant structures on a Lot, except lots designated as having zero setback lines, shall not be less than ten (10) feet from the Lot line between contiguous Lot(s).

(c) The side wall of the dwelling or appurtenant structure built on a zero setback line shall be constructed using permanent low-maintenance material, the appearance and materials of which shall be approved by the Association; and such walls shall satisfy all local building codes and regulations as to fire resistance. The Owner of any adjacent Lot shall not attach anything to a side wall or fence located upon the zero setback line; nor shall the Owner of any adjacent Lot alter in any manner, i.e., structure, color, material or otherwise, a side wall or fence located upon the zero setback line without the prior written approval of both the Owner of such structure and of the Association.

3.5 Re-subdivision of Lots. No Lot shall be re-subdivided, nor shall any building be erected or placed on any such re-subdivided Lot, unless such re-subdivision is approved by the Association, as well as any governmental authority having jurisdiction. Developer, however, shall have the right, but not the obligation, to re-subdivide into Lots, by recorded plat or in any other lawful manner, all or any part of the Properties contained within the outer boundaries of the Plat, and such Lots, as re-platted, shall he subject to this Declaration as if such Lots were originally included herein. Any such re-plat must comply with pertinent re-platting ordinances, statutes, regulations and requirements.

3.6 Walls, Fences and Hedges. No wall or fence shall be erected or maintained nearer to the front lot line than the front building line on such Lot, nor on corner lots nearer to the side Lot line than the building setback line parallel to the side street. No side or rear fence, wall or hedge shall be more than six (6) feet in height. Any wall, fence or hedge erected on a Lot shall be maintained by the Owner thereof. All fencing hall he constructed only of such materials and erected only on such Lots and in such a manner as shall he approved by the Association. No fence shall be constructed or maintained between the front building or setback line and the street; provided, however, the planting of hedges, shrubbery or evergreens in lieu of a fence, and extending to the front or sides of any Lot is permitted, provided such planting shall not he maintained at a height in excess of forty-two (42) inches.

3.7 Roofing Material. The roof of any building (including any garage) shall be constructed or covered with asphalt or composition type shingles. Any other type of roofing material shall be permitted only in the sole discretion of the Association upon written request.

3.8 Swimming Pools. Swimming pools shall be allowed only on Lots approved by the Association and shall be located at the rear of the residence. All swimming pools shall have a perimeter enclosure, the plans for which, including landscaping plans, must be approved by the Association.

3.9 Storage Tanks and Refuse Disposal. No exposed above-ground tanks or receptacles shall be permitted for the storage of fuel, water, or any other substance, except for refuse produced through normal daily living and of a nature which is satisfactory for pick-up by the Metropolitan Department of Public Works. Incinerators for garbage, trash, or other refuse shall not be used or permitted to be erected or placed on any Lot. All equipment, coolers, and garbage cans shall be concealed from the view of neighboring lots, roads, streets, and open areas.

3.10 Clothes Lines. Outside clothes lines shall not be permitted.

3.11 Signs and Advertisements. No sign, advertisement, billboard or advertising structure of any kind shall be erected upon or displayed or otherwise exposed to view on any Lot or any improvement thereon without the prior written consent of the Association; provided that this requirement shall not preclude the installation by Developer of signs identifying the entire residential development and provided further that this requirement shall not preclude the placement by Owners of "For Sale" signs in the front of individual residences of such size, character, and number as shall from time to time be approved by the Association. The Association shall have the right to remove any such unapproved sign, advertisement, billboard or structure that is placed on said Lots, and in doing so shall not be subject to any liability for trespass or other tort in connection therewith or arising from such removal.

3.12 Use of Temporary Structures. No structure of a temporary character, mobile home, camper, trailer, basement, tent, shack, garage, barn or other outbuilding shall be erected, moved onto any Lot and/or used at any time as a residence, nor shall any residence of a temporary charter be permitted. No structure of any kind except a dwelling house may be occupied as a residence, and the outside of any building so occupied must be completed before occupancy, including landscaping. No residence shall be built on any Lot unless it conforms to and is in harmony with the existing structures in Mulberry Downs subdivision and not more than one residence may be maintained on any Lot at the same time. Temporary structures may be used as building offices and for related purposes during the construction period. Such structures shall be inconspicuous and sightly and shall be removed immediately after completion of construction and shall be subject to approval of the Association.

3.13 Storage of Automobiles, Boats, Trailers and Other Vehicles. No trailers, boat trailers, travel trailers inoperative automobiles or campers shall be semi-permanently or permanently parked or stored in the public street right-of-way or forward of the front building line. Storage of such items and vehicles must be screened from public view, either within the garage or behind a fence which screens such vehicle from public view, unless otherwise approved in writing by the Developer in accordance with paragraph 3.2 above. No tractor trailers, buses, or other large commercial vehicles shall be parked on driveways or in streets within the Properties for periods of time exceeding twelve (12) hours or for more than twenty-four (24) hours in any calendar week.

3.14 Outside Lighting. Outside lights at eaves and door entrances shall be permitted, but no exterior flashing or high-intensity lights, floodlights, or spotlights on the exterior of any building shall be permitted, except with the prior written approval of the Association.

3.15 Maximum Height of Antennae. Unless approved by Developer, no electronic antenna or device of any type other than an antenna for receiving normal television signals shall be erected, constructed, placed or permitted to remain on any Lot, house or building. Television antennas must be located to the rear of the roof ridge line, cable or center line of the principal dwelling. Freestanding antennae must be attached to and located behind the rear wall of the main residential structure. No antennae, either freestanding or attached, shall be permitted to extend more than ten (10) feet above the roof of the main residential structure on the Lot, or shall be erected on a wooden pole.

3.16 Window Units. All supplements to the central air conditioning system must be used, erected, placed or maintained to the rear of the main residential structure. No window or wall type air conditioning units shall be permitted to be seen from the street view of any Lot.

3.17 Recreational Equipment. All playground and recreational equipment must be used, erected, placed or maintained to the rear of all Lots.

3.18 Oil and Mining Operations. No oil drilling, oil development operations, oil refining, quarrying or mining operations shall be permitted on any Lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any Lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any Lot.

3.19 Maintenance. All Lots, together with the exterior of all improvements located thereon, shall be maintained in a neat and attractive condition by their respective Owners or Occupants. Such maintenance shall include, but not be limited to, painting, repairing, replacing, and caring for roofs, gutters, downspouts, building surfaces, patios, walkways, driveways, and other exterior improvements. The Owner or Occupant of each Lot shall at all times keep all weeds and grass thereon cut in a sanitary, healthful and attractive manner and all trees and shrubbery pruned and cut. No Lot shall be used for storage of material and equipment, except for normal residential requirements or incident to construction of improvements thereon as herein permitted. The accumulation of garbage, trash or rubbish of any kind and the burning (except as permitted by law) of any such materials is prohibited. In the event of default on the part of the Owner or Occupant of any Lot in observing the above requirements or any of them, such default continuing after ten (10) days' written notice thereof, the Association may, subject to approval of its Board of Directors, enter upon said Lot, repair, maintain and restore the same, cut or prune or cause to be cut or pruned, such weeds, grass, trees and shrubbery and remove or cause to be removed, such garbage, trash and rubbish or do any other thing necessary to secure compliance with these restrictions and to place said Lot in a neat, attractive, healthful and sanitary condition. In so doing, the Association shall not be subject to any liability for trespass or otherwise. All costs incurred in any such repair, maintenance, restoration, cutting, pruning or removal shall be charged against the Owner of such Lot as the personal obligation of such Owner and as a lien upon the Lot, enforceable and collectible in the same manner and to the same extent as a maintenance assessment. Any Occupant of such Lot shall be jointly and severally liable with the Owner for the payment of such coats.

The Association shall contract with one (1) or more landscaping services to provide grass cutting, lawn maintenance, proper care for all trees, shrubbery and other landscaping, and other necessary maintenance services for the Common Areas, provision for which shall be made in the monthly or annual assessments.

3.20 Damage, Destruction or Maintenance. In the event of damage or destruction to any structure located on the Properties, the respective Owner thereof agrees as follows:

(a) In the event of total destruction, the Owner shall promptly clear the Lot of debris and leave the same in a neat and orderly condition. Within 60 days of any insurance settlement, the Owner must commence to rebuild and reconstruct the structure. Any such rebuilding and reconstruction shall be accomplished in conformity with the plans and specifications of the original structure so destroyed, subject to any changes or modifications as approved by the Developer or the Association, as the case may be, in accordance with Article II hereof.

(b) In the case of partial damage or destruction, the Owner shall, as promptly as an insurance adjustment may be made, cause the damage or destruction to be repaired and restored in a first class condition in accordance with the plans and specifications of the original structure and in conformity with its original exterior painting and decor. Any change or alteration must he approved by the Developer or the Association, as the case may be, in accordance with Article III hereof. In no event shall any damaged structure be left

unrepaired and unrestored for in excess of sixty (60) days, from the date of the insurance adjustment.

(c) If the correction of a maintenance or repair problem incurred on one Lot necessitates construction work or access on another Lot, both Owners shall have an easement on the property of the other for the purpose of this construction. Each party shall contribute to the cost of restoration thereof equally, unless such damage was caused by the fault of an Owner, in which event the Owners shall allocate the cost of restoration in proportion to the relative fault of the parties.

3.21 Use of Premises. Each Lot shown on the Plat shall he used only for private, single-family residential purposes and not otherwise. Notwithstanding the foregoing, Developer may maintain, as long as it owns property in or upon such portion of the Properties as Developer may determine, such facilities as in its sole discretion may be necessary or convenient, including, but without limitation, offices, storage areas, model units and signs, and Developer may use, and permit builders (who are at the relevant time building and selling houses in the development) to use, residential structures, garages or accessory buildings for sales offices and display purposes, but all rights of Developer and of any builder acting with Developer's permission under this sentence, shall be operative and effective only during the construction and sales period within the area.

3.22 Animals and Pets. No animals, livestock, or poultry of any kind shall be raised, bred, pastured, or maintained on any Lot, except household pets such as small dogs and cats which may be kept thereon in reasonable numbers as pets for the sole pleasure of the Owner or Occupant, but not for any commercial use or purpose.

3.23 Nuisances and Unsightly Materials. No house or other structure on any Lot shall be used for any business or commercial purpose. Each Owner or Occupant shall refrain from any act or use of his Lot which could reasonably cause embarrassment, discomfort, annoyance, or nuisance to others. No noxious, offensive, or illegal activity shall be carried on upon any Lot. No motorcycle, motorbike, motor scooter, or any other unlicensed motorized vehicle shall be permitted to be operated on or in the Common Areas. No Lot shall be used, in whole or in part, for the storage of rubbish of any character whatsoever; nor shall any substance, thing, or material he kept upon any Lot which will emit foul or noxious odors or which will cause any noise that will or might disturb the peace and quiet of the Owners or Occupants of surrounding Lots or property. The foregoing shall not be construed to prohibit the temporary deposits of trash and other debris for pick-up by garbage and trash removal service units.

3.24 Hobbies and Activities. The pursuit of any inherently dangerous activity or hobby, including, without limitation, the assembly and disassembly of motor vehicles or other mechanical devices, the shooting of firearms, fireworks, or pyrotechnic devices of any type or size, and other such activities shall not be pursued or undertaken on any part of any Lot or upon the Common Areas without the consent of the Association.

3.26 Governmental Restrictions. Each Owner shall observe all governmental building codes, health regulations, zoning restrictions, and other regulations applicable to his Lot. 3.28 Easement for Roads. The right is expressly reserved to the Developer and Owners, their representatives, heirs, successors and assigns, to construct all streets, roads, alleys, or other public ways as now, or hereafter may be, shown on the Plat(s), at such grades or elevation as they, in their sole discretion, may deem proper; and, for the purpose of constructing such streets, roads, alleys or public ways, they additionally, shall have an easement, not exceeding (10) feet in width, upon and along each adjoining Lot, for the construction of proper bank slopes in accordance with the specifications of the government body or agency having jurisdiction over the construction of public roads; and no Owner of

When two (2) or more persons hold an interest in any Lot as Owners thereof, all such persons shall be Members. The vote for such Lot shall be exercised by one (1) of such persons as proxy or nominee for all persons holding an interest as Owners in the Lot and in no event shall more than one (1) vote be cast with respect to any Lot, except as provided above with respect to Developer.

No proxy shall be valid after eleven (11) months from the date of its execution or upon conveyance by the Member of his Lot. No proxy shall be valid unless promulgated by the Board of Directors as an official proxy. A corporate Member's vote shall be cast by the President of the Member corporation or by any other officer or proxy appointed by the President or designated by the Board of Directors of such corporation. Voting on all matters except the election of directors shall be by voice vote or by show of hands unless a majority of the Members of each Class present at the meeting shall, prior to voting on any matters, demand a ballot vote on that particular matter. 4.4 First Meeting of Members. The first regular annual meeting of the Members may be held, subject to the terms hereof, on any date, at the option of the Board of Directors; provided, however, that the first meeting may (if necessary to comply with Federal Regulations) be held no later than the earlier of the following events: (a) four months after all of the Lots have been sold by the Developer; or (b) three years following conveyance of the first Lot by the Developer.

4.5 Working Capital Fund. There may (if necessary to comply with Federal Regulations) be established a working capital fund equal to three months' assessments for each Lot. Each Lot's share of the working capital fund shall be collected and transferred to the Association at the time of closing of the sale of each Lot and maintained in an account for the use and benefit of the Association. Amounts paid into the fund shall not be considered as advance payment of regular assessments. (The contribution to the working capital fund for each unsold Lot shall be paid to the Association within sixty (60) days after the date that the Developer shall cease to have three (3) votes for each Lot it owns pursuant to Sections 4.1 and 4.2 above.) The purpose of the fund is to insure that the Association will have cash available to meet unforeseen expenditures, or to acquire additional equipment or services deemed necessary or desirable by the Board of Directors.

4.6 Acceptance of Development. By the acceptance of a deed to a Lot, any purchaser of a Lot shall be deemed to have accepted and approved the entire plans for the Mulberry Downs Subdivision development, and all improvements constructed by that date, including, without limitation, the utilities, drains, roads, sewers, landscaping, Common Area amenities, and all other improvements as designated on the Plat, and as may be supplemented by additional plats upon completion of development of any portion of the balance of Tract I or of Tract II. Security may be provided at the Developer's discretion, and no Owner shall have any cause of action for failure to provide adequate security.

ARTICLE 5.

COMMON AREA PROPERTY RIGHTS AND MAINTENANCE ASSESSMENTS

5.1 Common Areas. Each Owner shall have a non-exclusive right and easement of enjoyment in and to the Common Areas which shall be appurtenant to and shall pass with the title to each Lot as designated upon the Plats, subject only to the provisions of this Declaration and the Articles of Incorporation, By-Laws, and rules and regulations of the Association, including, but not limited to, the following;

(a) The right of the Association to limit the use of the Common Areas to Owners or Occupants of Lots, their families and their guests;

(b) The right of the Association to suspend voting privileges and rights of use of the Common Areas for any Owner whose assessment against his Lot becomes delinquent; and

(c) The right of the Association to dedicate or transfer all or any part of the Common Areas to any public agency, authority, or utility for such purposes and subject to such conditions as may he agreed upon by the Members; provided that no such dedication or transfer shall be effective unless the Members entitled to cast at least three-fourths (3/4) of the votes agree to such dedication or transfer and signify their agreement by a signed and recorded written document; and provided further that this paragraph shall not preclude the Board of Directors of the Association from granting easements for the installation and maintenance of electrical, telephone, cablevision, water and sewerage, utilities, and drainage facilities upon, over, under, and across the Common Areas without the assent of the membership when such easements are requisite for the convenient use and enjoyment of the Properties.

5.2 Assessment for Maintenance of Common Areas. For each Lot owned within the development, every Owner covenants and agrees, and each subsequent Owner of any such Lot, by acceptance of a deed therefor, shall be deemed to covenant and agree, to pay to the Association monthly or annual assessments or charges for the creation and continuation of a maintenance fund in amounts to be established from time to time by the Board of Directors of the Association in order to maintain, landscape, and beautify the Common Areas, to promote the health, safety, and welfare of the residents of the community, to pay taxes, if any, assessed against the Common Areas, to procure and maintain insurance thereon, to employ attorneys, accountants, and security personnel, and to provide such other services as are not readily available from governmental authorities having jurisdiction over the same. In addition, the Owner of each Lot and each subsequent Owner thereof, by acceptance of his deed, covenants and agrees to pay special assessments as approved by the membership in the manner hereinafter provided.

5.3 Creation of Lien and Personal Obligation of Assessments. In order to secure payment of assessments, both monthly or annual and special, as the same become due, there shall arise a continuing lien and charge against each Lot, the amount of which shall include interest at the maximum effective rate allowed by law, costs, and reasonable attorney's fees to the extent permissible by law. Each such assessment, together with such interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of the Lot at the time the assessment became due; provided that this personal obligation shall not pass to successors in title unless expressly assumed by them. The lien provided for herein, however, shall be subordinate to the lien of any first deed of trust (sometimes hereinafter called "mortgage") on any Lot if, but only if, all such assessments made with respect to such Lot having a due date on or prior to the date such first mortgage is filed for record have been paid. The lien and permanent charge hereby subordinated is only such lien and charge as relates to assessments authorized hereunder having a due date subsequent to the date such first mortgage is filed of record and prior to the satisfaction, cancellation, or foreclosure of the same, or the transfer of the mortgaged property in lieu of foreclosure. The sale or transfer of any Lot shall not affect any assessment lien. The sale or transfer of any Lot that is subject to any first mortgage, pursuant to a foreclosure thereof or under power of sale or any proceeding in lieu of foreclosure thereof, shall extinguish the lien of such assessment, but not the personal obligation of any former title holder, as to payments that became due prior to such sale or transfer and subsequent to the recordation of the first mortgage that has been foreclosed, but the Association shall have a lien upon the proceeds from foreclosure or of sale junior only to the lien of the foreclosed first mortgage. No sale or transfer shall relieve such Lot from liability for any assessment thereafter becoming due or from the lien thereof.

5.4 Levy of Assessments. The Board of Directors of the Association shall fix the commencement date for monthly or annual assessments on the first day of the month following the conveyance of the first Lot to an Owner and shall provide for a partial assessment between the commencement date and the end of the calendar year next following. Thereafter, monthly or annual assessments shall be levied by the Board of Directors of the Association, by action taken on or before December 1 of each year for the ensuing year. The Board, in its discretion, may provide for the periodic payment of such assessments at some intervals other than monthly. Special assessments may be levied in any year for the

purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Areas, if any, including fixtures and personal property related thereto; provided that the same are first approved by the Board of Directors of the Association, recommended to the membership, and subsequently approved by affirmative vote of Members entitled to cast at least two-thirds (2/3) of the votes at a meeting of the Members duly held for that purpose. Written notice of the monthly, annual or special assessment shall be mailed (by U.S. first class mail) to every Owner subject thereto. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid and the amount of any delinquencies. The Association shall not be required to obtain a request for such certificate signed by the Owner, but may deliver such certificate to any party who in the Association's judgment has a legitimate reason for requesting the same.

5.5 Maximum Annual Assessment. Until otherwise established by the Board of Directors of the Association as set forth herein, the maximum annual assessment shall be One Hundred Ten and No/100 Dollars ($110.00) per year per Lot. From and after one year from the date hereof, the maximum annual assessment may be increased each year by an amount up to, but not in excess of five percent (5%) of the maximum annual assessment for the previous year without a vote of the membership. In the event the Board of Directors determines that an increase in excess of such amount is required, the amount of assessment exceeding such limitation shall be automatically effective thirty (30) days after the Association sends written notice to each Owner of the amount and necessity of such increased assessment unless the Association receives written objection to such increased assessment by Members entitled to cast more than fifty percent (50%) of the percentage values of the votes eligible to be cast by Members of the Association within such thirty (30) day period or a special meeting of Members is called within such thirty (30) day period and the excess assessment is disapproved by a like vote of the Members at such meeting.

5.6 Rate of Assessment. All Lots in the development shall commence to bear their assessments simultaneously.

5.7 Effect of Non-Payment of Assessments and Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the maximum effective rate then allowed by law. The Association, its agent or representative, may bring an action at law against the Owner personally obligated to pay the same or foreclose the lien against the Lot to which the assessment relates, and interest, costs, and reasonable attorney's fees for such action or foreclosure shall be added to the amount of such assessment to the extent allowed by law. No Owner may avoid liability for the assessments provided for herein by non-use of the Common Areas or abandonment of his Lot.

5.8 Insurance.

(a) The Board of Directors of the Association shall determine what insurance and in what amounts shall be necessary for the operation of Mulberry Downs. Until such time as any of the Common Areas of Mulberry Downs are improved, it is anticipated that the only insurance necessary for the operation of the Association shall be general liability insurance for claims arising out of the use of the Common Areas.

(b) In the event that the Board of Directors determines that it will be in the best interest of the Association to obtain insurance on any improvements owned by the Association and constructed in the Common Areas, the Association shall obtain fire and extended coverage insurance covering all such improvements and all personal property, equipment, fixtures and supplies owned by the Association. The face amount of such policy or policies shall not be less than one hundred percent (100%) of the current replacement cost of the property required to be covered by this Section. Such policy shall contain and agreed amount and an inflation guard endorsement, if such can be reasonably obtained, and also construction code endorsements, such as demolition costs endorsement, contingent liability from operation of building laws endorsement and increased cost of construction endorsement. Such policy shall also contain steam boiler and machinery coverage endorsements, if applicable. The insurance policies so purchased shall be purchased by the Association for the use and benefit of individual Owners and their mortgagees. The Association shall issue certificates of insurance to each Owner showing and describing the insurance coverage for the interest of each Owner, and shall develop procedures for the issuance, upon request, of a copy of the policy together with standard mortgagee endorsement clauses to the mortgagees of Owners. To the extent reasonably available, such policy shall waive rights of subrogation against Owners, the Association, and all agents of the Association. The insurance policies purchased by the Association shall also provide, to the extent reasonably available, that the insurance will not be prejudiced by any acts or omissions of Owners that are not under the control of the Association, and that such policies will be primary even if the Owner has other insurance that covers the same loss. The insurance policy shall also provide that any applicable insurance trust agreement will be recognized.

(c) If available at reasonable cost, as determined in the sole discretion of the Board of Directors, directors and officers liability insurance shall be purchased in amount determined by the Board of Directors. It is presently agreed that coverage in the amount of Two Hundred and Fifty Thousand and No/100 Dollars ($250,000.00) per occurrence would be a reasonable amount of such coverage.
