COVENANTS

WHEREAS, William E. Kantz, Jr. purchased a larger parcel of land from Lola K. Dale, and he now conveys title of a portion of that land to the Grantee/Purchaser, subject to certain specific Affirmative and Negative Covenants, those Covenants and the specific lots affected being more specifically stated and described as follows:

One lot referred to as Lot 19, as shown on the Affidavit and attached Maps A, B, and C, and D named under item three on the first page of this Deed; having the following covenants:

Only one residence may be built per lot, said residence must have a minimum heated living area of Two Thousand square feet (2,000 ft. sq.). Mobile homes, modular homes, trailer homes, prefabricated homes or portable storage buildings are expressly prohibited.

The exterior covering of any home built must be a minimum of seventy percent (70%) brick, stone, dryvit, or log.

Homes, and other structures built must conform with all zoning restrictions.

The design, appearance, and location of any barn or livestock building built must be approved by a majority of the adjacent landowners.

Only wood "straight rail"fencing is permitted; straight rail being the type having three rails running parallel to the ground and held in place by posts. Boundary fencing is permitted only as shown on Map C of record as stated under item three of the first page of this Deed. Barbwire fencing is prohibited.

Double fence rows, two fences within a few feet of one another excepting those used as a funnel or shoot for livestock, are not permitted. Adjoining landowners shall share fences and shall prorata split the cost of construction and maintenance of shared fencing as detailed on the Affidavit and its Map C named under item three of the first page of this Warranty Deed. Fencing becomes shared when a landowner takes advantage or makes use of the fence. Landowners may install other types of fencing within their lots, but not along boundary lines.

Landowners may keep and maintain livestock, as defined below, on their individual parcels; livestock must be kept within the lot boundary or in a designated livestock area. Landowner may not keep livestock for hire.

All utilities shall be placed underground, unless otherwise agreed to and approved by all of the adjacent landowners. Where convenient and feasible utility line placement shall be made so as to serve the maximum number of landowners with a minimal amount of destruction or alteration of trees and land.

The cost of construction of shared lengths of driveways shall be born pro-rata by the sharing landowners as detailed in a separate note and deed of trust entered into by and between the grantor and grantees of this Warranty Deed. Maintenance costs shall be born by the grantees, their heirs, successors, and assigns as detailed in the Private Roadway Easement referenced on the first page of this Deed.

As agreed in the Private Roadway Easement referenced on the first page of this Deed, landowner shall bear a prorata share of the maintenance and required improvements of the main driveway to the property, after its construction is complete. Landowner hereby grants an easement of a minimum thirty (30) feet in width and running across the property as shown on Map A of the Affidavit referenced on the first page of this Deed.

Landowners shall not allow their lots to be clear-cut of trees; except on the actual house or barn building site. TSI (culling of diseased or inferior trees to allow larger ones to thrive) is permitted where advised by a certified forester.

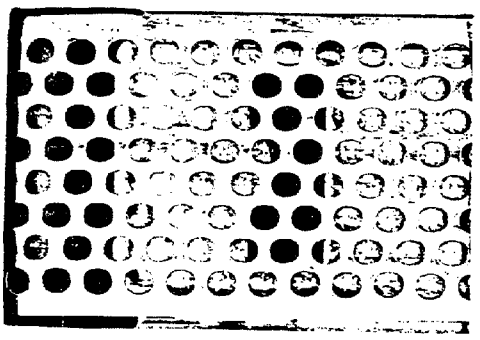

Signs advertising or promoting livestock services or other for profit services, excepting "For Sale" signs advertising landowner's real property, are prohibited for so long as the property remains predominantly residential.

DEFINITIONS, are as follows:
