1. Bearings are based on deed of record.
2. This surveyor has not physically located the underground utilities. Above grade and underground utilities were taken from visible appurtenances at the site, public records and maps made by others. Therefore, reliance upon type, size, and location of utilities should be done with these circumstances considered. Utility details should be obtained from proper authorities before any relative decision is made.
3. No title report was furnished to the surveyor. This survey is subject to the findings of an accurate title search.
